### **TMK-ARTROM Slatina inaugurates a new production capacity**

TMK-ARTROM, one of the leading manufacturers in the production of seamless steel pipes for industrial applications, inaugurates in Slatina, Olt County, on 8 June 2015, the new production capacity namely:

#### **ACH Workshop – pipes for Automotive and Hydraulic Cylinders**

The investment is the first stage of a broader program of development of the company towards Premium products, with high added value and will have a positive impact on efficiency of the activity of TMK's Group plant in Slatina.

About 10 million Euros were invested in the new workshop which has the capacity to process 25.000 tons of pipes yearly. The workshop is equipped with state-of-the-art manufacturing equipment fabricated in Japan and Germany.

The main products of this workshop will be highly processed pipes used for the manufacturing of hydraulic cylinders, for applications with high technical requirements, lifting equipment, complex industrial equipment, mining equipment, automotive, aviation etc.
